TRAVEL IN RIGA

SOURCE: [YOUTUBE](#)

Riga is the capital of Latvia, the largest city in the Baltic States, and the second-largest city of the Eastern Baltic. It holds about half of the country's population. Riga is experiencing a new Renaissance as the capital of Latvia, and many large-scale restoration projects on old buildings have made Riga one of the most attractive cities in Europe. Most famously, Riga is home to the largest concentration of Jugendstil (German Art Nouveau) architecture in the world. Riga has become an increasingly popular destination for Europeans drawn by its old town, its historical importance, and its reputation as having one of the most sparkling nightlife scenes in Europe.
